

Key Financial's Patti Brennan Ranks #3 in State by Forbes

WEST CHESTER, Pa., Feb. 25, 2019 (GLOBE NEWSWIRE) -- Key Financial President and CEO, Patti Brennan, has just been named by Forbes as #3 Best-In-State Wealth Advisors for 2019. Forbes partnered with Shook Research in reviewing more than 30,000 nominations nationally to determine this list of the nation's top financial minds. Nominees are judged based on an algorithm of both qualitative and quantitative data. Advisors must have a minimum of seven years' experience to qualify and are also weighed on additional considerations such as revenue trends, compliance records and assets under management. R.J. Shook, the President of Shook Research, explains, "Here's what our research has found: the very best advisors are laser focused on having a positive impact on their clients' lives. They want to add meaning and help them live better lives." Shook Research looks for advisors that are leading the way in offering best practices and providing high quality experiences for their clients.

Patti Brennan is just that type of advisor. Recognized as a thought leader in the industry and consistently ranked by Forbes, Barron's and the Financial Times as one of the nation's top advisors, Brennan sets the bar for other financial advisory firms looking to build their practice while also providing a premier client experience. "As a member of my team recently said, Key Financial is where financial wisdom and caring meet," states Brennan.

While Patti Brennan is known nationally for her comprehensive services, she is also recognized locally as a loving mother of four children and dedicated member of the community. Patti maintains a close connection by holding seats on the boards of various institutions and nonprofits, such as University of Pennsylvania/Chester County Hospital, the YMCA of Greater Brandywine and Cuddle My Kids. Patti is invited to speak at conferences throughout America, and as a former board member of the Chester County Economic Development Council (CCEDC), has been the Keynote speaker for their Annual Economic Review in January – each year for the past twelve years. Patti has guided "standing room only" audiences with her wisdom, perspective and practical advice through some of the most challenging times in our country. Brennan and her team have also recently launched *The Patti Brennan Show*, a podcast dedicated to helping improve the listener's net worth. It can be found on iTunes, Google Play, Stitcher and Spotify. The show is biweekly and covers timely financial topics as well as economic forecasts and market discussions.

The Barron's Winner's Circle Top 100 and the Barron's Winner's Circle Top 1200 are select groups of individuals who are screened on a number of different criteria. Among factors the survey takes into consideration are the overall size and success of practices, the quality of service provided to clients, adherence to high standards of industry regulatory compliance, and leadership in "best practices" of wealth management. Portfolio performance is not a factor. Please see www.barrons.com for more information.
